Professional Summary

Frontend Developer with strong hands-on experience in React.js, JavaScript (ES6+), Tailwind CSS, and Redux. Proficient in building responsive, accessible, and user-centric web applications using component-based architecture, client-side routing, and state management. Seeking an entry-level frontend or web developer role to contribute to scalable and maintainable UI solutions.

Technical Skills

- **Frontend:** React.js, Tailwind CSS, HTML5, CSS3
- **Programming:** JavaScript (ES6+)
- **Backend:** Node.js
- **Backend:** Node.js (Fundamental knowledge)
- **Libraries & Tools:** Redux, React Router DOM, Git, GitHub, VS Code

Soft Skills

- Problem Solving
- Communication
- Team Collaboration
- Time Management

Projects

Loan Application User Interface

[Live Demo](#) — [GitHub](#)

- **Technologies:** React.js, JavaScript (ES6+), Tailwind CSS, React Router DOM
- Built a scalable, component-driven loan application interface using React, ensuring code reusability and maintainability.
- Designed and implemented a multi-step form system with real-time client-side validation to capture structured user input.
- Utilized React Router DOM to enable seamless navigation between application steps and dashboard views without page reloads.
- Developed a user dashboard to visually track loan application progress and status, improving clarity and user experience.

Fit From Home – Fitness Website

[Live Demo](#) — [GitHub](#)

- **Technologies:** JavaScript, HTML5, CSS3, Git
- Designed and developed a mobile-first fitness website with responsive layouts optimized for various screen sizes.
- Implemented structured navigation and interactive UI sections to enhance usability and user engagement.
- Applied clean HTML semantics and optimized CSS styling to ensure cross-browser compatibility and consistent performance.
